The Green School Challenge

A. In September our science teacher started a project about nature near our school. We explored the small pond behind the sports field and found two tiny frogs. Nobody had seen frogs there before. Our teacher said they needed clean water, so we decided to improve the area and protect the animals.

B. First, we visited the riverbank near the town park. There were plastic bottles, old bags and paper everywhere. We wore gloves and worked in teams. In two hours we filled twelve large trash bags. People walking in the park thanked us for making the place cleaner.

C. The next week, Mrs Green from the local wildlife centre came to our class. She showed us photographs of animals that live in our area and explained how to help them in winter. We asked many questions and learned why people should never leave food or rubbish near a river.

D. Our technology teacher helped us make wooden bird boxes. We measured the wood, painted each box and put them in the trees around the playground. The work was not easy, but everyone enjoyed it. A month later, we saw a family of blue little birds using one of the boxes.

E. At the end of the project, we organised an eco-day for parents and other pupils. We displayed photographs, posters and a short video about our work. We also explained how everyone could help local wildlife. The head teacher promised that the project would continue next year.

Dear Olivia,

Thank you for your recent email. It was fantastic to hear from you after such a long time! On my last trip I went to St. Petersburg with my family. We visited the spetacular Hermitage and the majestic Winter Palace. Moreover, we tried delicious food in different restaurants every day. What I liked most about the trip was watching the famous drawbridges open at night. As for my next journey, I would truly love to visit Shanghai in China.

Any way, I must go now because my mum is calling me. Drop me a line soon!

Best wishes,

Dear Olivia,

Thanks for your e-mail! It was great to hear from you.

You asked about my last trip - I went to St. Petersburg with my family last month. We spent five days there, and it was amazing. We visited the Hermitage, walked alone the Nera River and took a boat tour to see the draw bridges at night. My favourite part was exploring the city's hidden countryards - they're so atmospheric and full of history.

As for my next trip, I'd love to visit Japan. I'm really interested in its culture, food and technology. I think it would be an unforgettable experience.

Tell me about your dream destination too!

Best wishes,

George

Dear Madam,

I'm writing because I'm interesting in taking your computer courses. I'd like to get some information about the course before I apply.

First of all, could you tell me how long the course lasts? I'd also like to know how many students there're usually in one grop. Could you please tell me which programming languages are thaught taught during the course? I'm especially interested in learning languages that can be useful for creating websites and applications.

Finally, I'd like to know how much the course costs. Are there any discounts for students?

Thank you for your time. I look forward to your reply.

Yours Best wishes,

Arthur.

PART IV. WRITING

Dear Administration,

I am writing to enquire about your computer programming courses as I would like to apply for one of them.

Firstly, could you please tell me how long the course lasts? Is it a short-term or long-term programme? Secondally, I need information on class sizes. How many students are there in each group? I prefer smaller groups because they allow more individual attention from teachers. Thirdly, what programming languages do you teach? Last, I would appreciate knowing the tuition fee. Could you provide details on payment options instalments or full amount?

Thank you very much for your time. I look forward to hear back from you soon.

Best regards,

Dear administration,

I am writing to express my interest in applying for the computer courses offered by your university. Before submitting my application, I would like to find out a few important details.

First of all, could you please inform me about the duration of the course? Additionally, I would like to know the average number of students in the group, as I believe that a small class size would allow for more personalized attention.

Futhermore, I am keen to learn about the programming languages that are taught during the course. Finally, could you provide information about tuition fee and any available payment plans?

Thank you for your time and assistance. I am looking forward to your prompt response.

Yours faithfully,

Travel diary

I'd like to write about my trip to a famous landmark. I have just returned from a trip to the Eiffel Tower. I came there with my family on a bus. We arrived in the evening, so, I saw many lights on it. My family and I went in the Tower. We ate delicious food at the cafe there. I was really suprised looking at night Paris from the tower.

To be honest, it was amazing that everyone was kind with us. One interesting thing that happened to us in our trip was visiting the Paris theatre. The actors' performance was brilliant.

Frankly speaking, I was tired from crowded places, but I really enjoyed our trip to Paris. I'd like to visit it again.

The Green School Challenge

A. In September our science teacher started a project about nature near our school. We explored the small pond behind the sports field and found two tiny frogs. Nobody had seen frogs there before. Our teacher said they needed clean water, so we decided to improve the area and protect the animals.

B. First, we visited the riverbank near the town park. There were plastic bottles, old bags and paper everywhere. We wore gloves and worked in teams. In two hours we filled twelve large trash bags. People walking in the park thanked us for making the place cleaner.

C. The next week, Mrs Green from the local wildlife centre came to our class. She showed us photographs of animals that live in our area and explained how to help them in winter. We asked many questions and learned why people should never leave food or rubbish near a river.

D. Our technology teacher helped us make wooden bird boxes. We measured the wood, painted each box and put them in the trees around the playground. The work was not easy, but everyone enjoyed it. A month later, we saw a family of blue little birds using one of the boxes.

E. At the end of the project, we organised an eco-day for parents and other pupils. We displayed photographs, posters and a short video about our work. We also explained how everyone could help local wildlife. The head teacher promised that the project would continue next year.

PART 5 – WRITING (20 points)

Time: 20 minutes

You received an email from your English pen-friend Olivia. She asked you about trips and places you would like to visit.

Remember to say:

- Where did you go on your last trip?
- Who did you go with?
- What did you see and do there?
- What did you like most about the trip?
- Where would you like to go next?

Remember the rules of email writing. Write 90-110 words.

Dear Olivia,

Thank you for your letter! I'm glad to get it.
In your last email you asked me about trips and places I would like to visit. ~~So, I'm going to answer.~~
I travel around the world every year. I visited Turkey, Egypt, I travelled across Russia. ~~But I have so many places I'd like to see!~~
I went to Turkey on my last trip with my mum and my brother. It was memorable! My mum and I were relaxing all the time. ~~We saw all the best places in Turkey before that trip, so we had the rights. By the way, it was great. My brother and I laughed a lot. My mummy was happy with that. Her smile was so big! The most beatiful in this trip was her calm smile.~~
The next question is about places I would like to go. And it's China. ~~I like Chinese culture very much! It's really interesting for me. I already learn their language. The Chinese language is difficult. But I'm ready.~~
I can't ~~continue~~ write. I have to wash the dishes. ~~I'm sorry.~~ Please ~~write~~ write soon. ~~and tell me about your favourite places!~~
Your best friend,
Sofia
